#### Idaho BEAD Program Description

The [Broadband Equity, Access, and Deployment \(BEAD\) Program](#) is a federal program that provides \$42 billion nationwide to expand high-speed broadband access. BEAD was funded by the Infrastructure Investment and Jobs Act and is administered by the [National Telecommunications Information Administration \(NTIA\)](#).

The BEAD Program's principal focus is to award funding for deployment of broadband infrastructure to provide access to all unserved locations (those without any broadband service at all or with broadband service offering speeds below 25 megabits per second (Mbps) download/3 Mbps upload) and underserved locations (those without broadband service offering speeds of 100 Mbps download/20 Mbps upload) in Idaho. Idaho was [awarded \\$583](#)

[million](#) in BEAD funds to extend affordable, high-speed internet infrastructure to unserved and underserved Broadband Serviceable Locations (BSL) in the state. If there are remaining funds, the program will fund broadband deployment to Community Anchor Institutions (CAI) lacking access to 1 Gbps symmetrical.

The Idaho BEAD Subgrantee Selection process is based on the NTIA-approved [Idaho BEAD Initial Proposal Volume II](#) and will comprise two main phases in a single round: a pre-qualification phase and a funding application phase. The Idaho Office of Broadband (IOB) reserves the right to add additional funding rounds if deemed necessary. The Idaho Broadband Advisory Board (IBAB) will select subgrantees for award via this competitive grant application process in furtherance of the main objectives outlined in [the Five-Year Action Plan](#), Initial Proposal Volume II, and the [Idaho Broadband Advisory Board's Broadband Strategic Plan](#). The Board's priority will be to select entities committed to improving and deploying broadband infrastructure to unserved and underserved locations in Idaho and who meet the pre-qualification requirements.

### **Full BEAD Subgrantee Selection Process**

The Idaho Office of Broadband IOB has initiated a multi-step process for selecting subgrantees and making BEAD funding awards after completion of the Challenge Process.

1. Publish [Application Project Areas \(APAs\) map](#) (published November 21, 2024).
2. **[Current] Pre-Qualification Application phase for potential subgrantee applicants (mandatory for the Potential Applicant's participation of the BEAD Program). Applications will open January 16, 2025, and close February 14, 2025, 11:59 pm MST.**
3. BEAD Funding Application phase.
4. Funding applications will be reviewed, scored and ranked; application deconfliction and discussions with applicants as needed.
5. Selection of provisional grant awards.

### **Idaho BEAD Pre-Qualification Application Guidelines**

This Pre-Qualification Application will be used to determine which entities are qualified and eligible to compete for BEAD subgrants. The Pre-Qualification will allow the IOB to evaluate an applicant's technical, financial, operational and managerial capacity and will inform the IOB about the capability of prospective participants to comply with BEAD Program requirements and meet necessary standards, including subgrantee qualifications (see [Notice of Funding Opportunity Section IV.D](#)).

This pre-qualification application is open for a period of 30 days. No information in the pre-qualification submissions will be publicly posted on the Link Up Idaho website. Applicants must appropriately label confidential information to ensure this information will not be subject to public disclosure.

Prospective subgrantees must meet the federal and state standards and qualifications to be eligible to apply for funding. Following the pre-qualification phase, the Funding Application will seek detailed information from eligible entities regarding specific [application project areas \(APAs\)](#).

Application Project Areas (APAs) comprise clusters of non-tribal census blocks using the unserved and underserved locations in the BEAD eligibility list of NTIA-approved BSLs after completion of the BEAD Challenge Process. Census blocks with unserved and underserved locations are clustered together to create APAs. Tribal APAs will be completely within a tribe's boundaries. Some Tribal reservations may contain more than one APA.

Please be aware, information in this guidance may change due to ongoing discussions and/or new information/guidance that may be forthcoming from NTIA and/or other federal agencies; however, any such changes will be clearly communicated.

The IOB reserves the right to request more information from applicants as necessary to ensure all participants have the capacity to participate in the program and meet all BEAD Program requirements and goals. Further, the IOB reserves the right to request updated or additional information at any time, including after the subgrantee selection process, to re-assess the qualifications of subgrantees.

### **Important Dates**

#### **Prequalification Application opens - January 16, 2025**

Prequalification [Open Office Hours 1](#) – January 21, 2025, 2:00 pm MST

Prequalification [Open Office Hours 2](#) – January 28, 2025, 2:00 pm MST

Prequalification [Open Office Hours 3](#) – February 4, 2025, 2:00 pm MST

Prequalification [Open Office Hours 4](#) – February 11, 2025, 2:00 pm MST

**Prequalification Application closes - February 14, 2025, at 11:59 pm MST**

### **Eligible Applicants**

Eligible applicants include eligible broadband providers as defined by § 40-517, Idaho Code, incorporated businesses or partnerships, non-profit organizations, limited liability companies, corporations, cooperative entities that provide broadband services, Idaho local or Tribal governments, or non-traditional providers (e.g., telecommunications provider, electric cooperative). An officer or legal representative with binding authority must complete this application.

### **Pre-Qualification Application Submission**

As outlined in the Idaho Vol II Guidelines, this application process serves as the pre-qualification prior to the full BEAD Funding Application Phase.

The following information is required in a pre-qualification submission, based on the current BEAD requirements:

- Environmental and Historic Preservation (EHP) and Build America Buy America (BABA) compliance (2.4.5)
- Financial capability (2.4.11)
- Managerial capability (2.4.12)
- Technical capability (2.4.13)
- Compliance with applicable laws (2.4.14)
- Operational capability (2.4.15)
- Information on ownership (2.4.16)
- Information on other public funding (2.4.17)
- Labor standards and protection (2.7.1 and 2.7.2)
- Certification of Nondiscrimination and Civil Rights (2.16.3)
- Certification of compliance with BEAD requirements – cybersecurity and supply chain risk management (2.16.4)
- Letter of intent for number of project areas the applicant is planning to apply for on company letterhead
- Additional qualification requirements as directed by the NTIA

Applications must include information demonstrating an applicant's financial, managerial, operational, and technical capabilities, as well as their compliance with the required standards and laws. The results of the application evaluations will determine eligibility for submitting an Idaho BEAD Funding Application.

Applicants that do not submit complete or required documents will be given seven calendar days from notification to resubmit, after which they may be disqualified from applying for funding.

Documents being requested in this application:

- Audited financial statements from the previous two fiscal years OR unaudited financial statements from the prior fiscal year
- Confirmation of engagement letter from an independent accountant
- Resumes for key management personnel
- Organizational Chart
- [Idaho Managerial Capability spreadsheet](#)
- Applicant's Business Entity Registration from Idaho's Secretary of State
- [Idaho Past Performance & Experience spreadsheet](#)
- [Idaho Operational Capability spreadsheet](#) (if applicant has conducted voice and broadband service operations in Idaho and other states)
- Qualified operating or financial reports, that it has filed with the relevant financial institution for the relevant time period (If the applicant has not provided broadband service and has operated only an electric transmission or distribution service)
- A detailed disclosure of ownership and related companies, which includes a detailed ownership chart showcasing direct and indirect stakeholders, a list of associated FCC regulated entities, and clear explanations of relationships between entities
- [Idaho Public Funding spreadsheet](#)
- A list of all federally or State-funded broadband deployment projects your company is or has been engaged in, along with their funding sources and completion or noncompletion timelines.
- [Notarized Final Attestation Document](#)

\*The IOB reserves the right to ask for additional information to verify the eligibility of the applicant.

## Review and Approval

The IOB will evaluate pre-qualification submissions on a pass/fail basis. Pre-qualification applications will be reviewed by a third-party vendor for a period of 60 days after the pre-qualification application closes. Shortly thereafter, all applicants will be notified via email of their pass/fail status. Applicants who “pass” will be eligible to apply for Idaho BEAD funding based on the defined criteria.

The IOB will publish a list of approved applicants on [Link Up Idaho](#) and announce the results via a press release once all applicants have been notified.

\*The IOB reserves the right to disqualify any approved applicant who was deemed qualified in the pre-qualification phase at any time during the evaluation process.
